

Prolotex™ COMFORT FIT Socks

Wear Prolotex™ comfort fit socks at work, as a dress sock, a stroll in the park, or when you go jogging or running

Prolotex™ Therapeutic "COMFORT FIT" Socks come in 4 sizes and fit a normal to narrow foot with normal to narrow ankles. These are great for individuals who want a more "Comfortable" Fit! People like to wear Prolotex™ "COMFORT FIT" FIR socks when they play tennis, golf, soccer, hockey, basketball, in-line skate, ice-skate, ski and numerous team sports. Offering a wonderful range of health benefits, as well as pain relieving comfort, wearing Prolotex™ "COMFORT FIT" Far Infrared Socks really is a whole new experience.

"I just got through washing my socks last night after wearing them for three days and feeling my feet returning to normalcy. I haven't worn my socks all day and my feet still feel Great! I will probably wear them at night only when I go to bed.

Also, I'm no longer taking my medication of 100mg of Gabapentin. It is no longer needed! Thank you very much Prolotex!!! I will be ordering gloves soon."

John F.
